

Esther W. Mutui – Lead Dental Assistant

Esther has a background in Business Administration, Computer Science and Dental Assisting. She has served at the AIC Kijabe Mission Hospital, School of Nursing as the Front Desk Receptionist in 2001 and later on as the switchboard operator at the same hospital. In August 2002, Esther joined Thika Dental Care Centre as the Front Desk Receptionist and quickly rose to the position of Administrator.

Being as industrious as she is, she readily took on more responsibilities and became a fully fledged Dental Assistant. Esther has a warm and affectionate personality that makes it easy for both her clients and staff members to relate with her. Part of her charm is that she has a mammoth memory for names, faces, voice recognition and cases which makes meeting with her a most pleasant experience.

Outside of her work, Esther enjoys cooking and travelling with her Husband and two children.
